SUMMARY

Ambitious and adaptable Software Engineering student with strong expertise in MERN stack development (MongoDB, Express.js, React, Node.js) and AI-based systems. Possesses solid problem-solving abilities, effective communication skills, and a passion for building scalable applications. Eager to contribute to innovative software solutions and grow in AI-driven technologies.

EDUCATION

University of Central Punjab, Lahore

Oct 2022 – Present

- Bachelor of Science in Software Engineering (Major: Software Engineering; Minors: DevOps, Quality Assurance).

APSACS, Sarai Alamgir

June 2020 – April 2022

- FSc Pre-Engineering

WORK EXPERIENCE

10Pearls, Pakistan

Intern – MERN Stack Developer

April 2026 – Present

- Develop and maintain full-stack applications using MongoDB, Express.js, React, and Node.js
- Build RESTful APIs and integrate frontend with backend systems
- Debug, test, and optimize application performance
- Collaborate in Agile environments including sprint planning and stand-ups
- Use Git for version control and team-based development

PROJECTS

CharmChime – AI-Powered Emotional Journaling Platform (FYP)

Sep 2025 – Present

- Developing an AI-driven journaling system with mood detection, story generation, and avatar interaction
- Implementing NLP-based sentiment analysis (BERT) for emotion detection and personalized responses
- Integrating speech-to-text and text-to-speech for voice-based journaling
- Designing scalable backend architecture using Firebase, REST APIs, and role-based access control
- Building parental dashboard with privacy-preserving emotional insights and analytics

FitBuddy – Fitness & Wellness Mobile App

- Built cross-platform mobile application using React Native with activity tracking and progress visualization
- Implemented local storage and analytics dashboards to improve user engagement

LEADERSHIP ACTIVITIES

ACM UCP — Management Team Member

Feb 2025 – Feb 2026

- Organized and coordinated technical events, workshops, and student activities under ACM UCP
- Managed event logistics, registrations, and on-ground operations to ensure smooth execution
- Collaborated with cross-functional teams to drive participant engagement and event success

SKILLS AND CERTIFICATIONS

Technical Skills: C++, JavaScript, React.js, React Native, Node.js, Express.js, MongoDB, MySQL, Firebase, Git, Postman

Interpersonal Skills: Leadership, Teamwork, Communication, Time Management, Critical Thinking
